README1ST for SAP Integration Scenario
BC-ITS-VOICE 70 – Dynpro application- mobile device speech

Bernhard Weiss

Joined SAP in August 1989.
He currently works for the
Integration and Certification Center at SAP
in Walldorf, Germany
(*Complete bio appears on page 2)*

BC-ITS-VOICE 70 (Dynpro application mobile device speech) is supported on various SAP releases. Some releases require a specific SAP support package in order for the interface to work properly. From time to time, sometimes changes might also be necessary to the **BC-ITS-VOICE 70** test catalogue and / or documentation etc.

To make sure you are constantly up-to-date with changing SAP technical requirements or other, we have listed in this document further technical information which was not mentioned either in the **BC-ITS-VOICE 70 test catalog and documentation** and / or as described in the **sample test report** (the sample test report is a mirror of the test report used for certification purposes).

If you need further technical information, please feel free to contact my colleague Mr. **Ralph Resech** (ralph.resech@sap.com).

Ralph Resech – SAP AG

Ralph Resech joined SAP in 1996. As Product Manager within SAP's service organization he is responsible for all the Dynpro based GUI (Graphical User Interface) components like SAP GUI for Windows, SAP GUI for Java, SAP GUI for HTML, SAP Internet Transaction Server (ITS), ITSmobile, SAP Console, … Before becoming a Product Manager Mr. Resech worked for 6 years at SAP IT being responsible for SAP's data networks and for 4 years as a software developer within the ITS development team. As one of the inventors of ITSmobile he used the past 3 years to improve ITSmobile to where it is now, a standard solution to access Dynpro based applications from mobile devices in various ways.

BC-ITS-VOICE 70 Dynpro application- mobile device speech product certification
README1ST
SAP Integration & Certification Center, Bernhard Weiss (icc@sap.com)
