

Guidance for progression to revised Standard

Prepared by Vic Hayes, Chair
Lucent Technologies

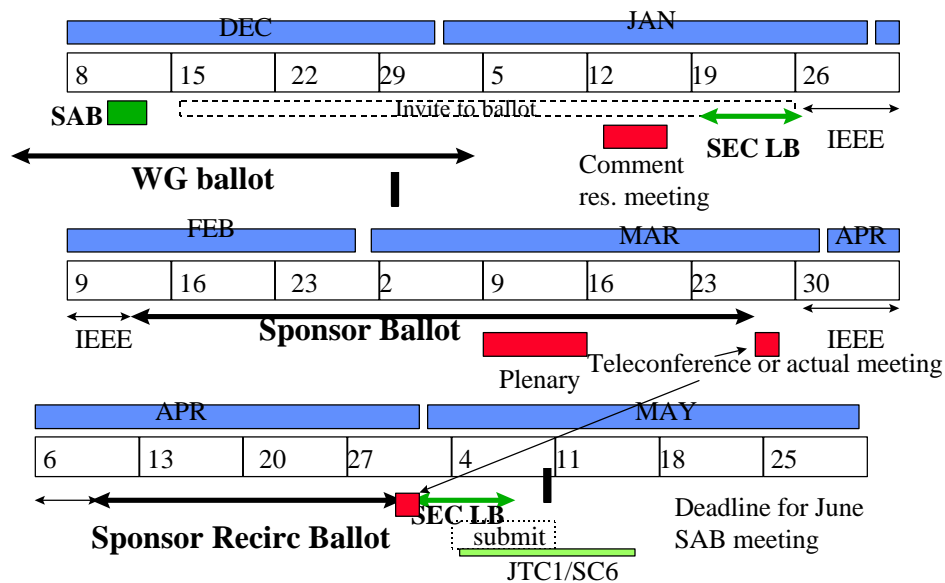

Summary

- This presentation gives 3 alternative ways to get a revised 802.11 standard approved at the June 1998 meeting of the Standards Board. Alternative 2 needs some juggling to get the SEC e-mail ballot and submission to IEEE.
- It looks to me that the comment for the ISO version could be submitted from the March meeting. However, we need to make sure the ballot has not been closed before. If so we need to make a pro-frma NO vote at the November meeting.
- Standards Board meetings in 1997:
 - December 9.
- Proposed material due at IEEE office:
 - Oct 31
- Standards Board meetings in 1998:
 - March 17-19, June 23-25, September 15-17, December 6-8 (8-10?).
- Proposed standard due at IEEE office:
 - Feb 6, May 8, August 7, Oct 30
