

ZyXEL

Internet Connection and Printer Sharing with Network Protection

Print Server

- One USB Port for Print Server Support
- Firewall with Stateful Packet Inspection (SPI) and Denial of Services (DoS) Prevention
- MBM v2 for Games, P2P (BT/eMule) Download and High-quality Video Streaming
- Setup Wizard for Easy, Step-by-step Configuration

Benefits

Internet Connection and Printer Sharing

With the built-in USB Print Server, the P-335 Plus is designed to operate in 2 operation modes, the Router mode or a pure Print Server mode, that users can exchange modes with an external switch. In Router mode, the P-335 Plus is a broadband sharing router which allows users to connect to the embedded 4-port Ethernet switch and share printing resource at the same time. And in Print Server mode, the Internet Sharing function will be disabled and transform the P-335 Plus device as an comparably affordable pure print server device that it provides 5 Ethernet ports connected to the sharing printer and computers directly to your network.

Firewall Security

The P-335 Plus performs stateful packet inspection for effective network protection. With the default firewall settings, all outgoing and incoming traffic in the protected LAN is checked. The firewall feature includes TCP/UDP inspection, Denial of Services (DoS) detection and prevention, real-time alert, reports and logs.

Media Bandwidth Management

With ZyXEL's exclusive Media Bandwidth Management v2 (MBM v2), the P-335 Plus intelligently manages your limited bandwidth for multiple multimedia applications in your busy network.

P-335 PLUS

ROUTER

Specifications

Standard

- IEEE 802.3 and 802.3u 10Based-T and 100Based-TX

Memory Size

- 4MB Flash, 16MB DRAM

Firmware Specifications

- MBM v2 for Online Gaming, P2P (BT/eMule) download and MSN video
- Advance Game Search Engine for online game servers
- Pre-defined game list for online games (Updateable)
- Firewall with Stateful Inspection, DoS (Denial of Service) support
- Many-to-one NAT
- Embedded WEB configurator (dual mode version)
- Embedded FTP Server for F/W upgrade and romfile backup and restore
- DHCP client/server
- PPPoE
- PPTP client for authentication
- Dynamic DNS (DynDNS.org)
- UPnP

Hardware Specifications

- LAN: Four 10/100Base-T Ethernet, full duplex RJ-45 connector with auto MDI/MDIX support
- WAN: One 10/100Base-T Ethernet, full duplex RJ-45 connector with auto MDI/MDIX support
- Power Supply: 12V AC, 1 A
- Reset Button
- USB 1.1 for Print Server

System Requirements

- Broadband (cable, DSL, satellite or wireless) Internet service and modem with Ethernet RJ-45 connector
- Ethernet connection (adapter or cable)
- Windows, Mac or Linux based operating system
- Internet Explorer 6.0 or later

Physical Specifications

- Dimensions: 190 (W) x 128 (D) x 33 (H) mm
- Weight: 341 g

Environmental Specifications

- Temperature: 0°C ~ 50°C
- Humidity: 20% ~ 95 % (non-condensing)
